

Open your home and heart to

HOST INTERNATIONAL STUDENTS

Become a Host

Being a host parent is an incredible experience, giving you the opportunity to learn about a new culture, share your own culture, and form lifelong friendships. As a host family you benefit from getting the chance to enrich a young person by welcoming them into your home and exposing them to the local customs and culture of San Diego. You will spend quality time together during everyday activities and make a positive impact on students as they explore and grow.

AS A HOST PARENT YOU WILL:

- Provide Accommodations (Room, Board, Transportation)
- Receive Compensation to Cover Expenses
- Create a Safe and Supporting Environment
- Interact and Immerse with international students
- EduAbroad offers two programs:
 - a) Long Term - academic school year or one semester.
 - b) Short Term - American Companion Program for a few short weeks.
